Broker Services

Our Broker Services team forms a key component of our Irish operation. Staffed by highly experienced professionals, the team has developed an in-depth knowledge and understanding of the Irish broker market and their customers. They understand what Irish brokers need if they are to grow and develop their businesses and the products they need to serve their customers.

These solutions span the private car, commercial vehicle, fleet, motor trade, golf and property markets and provide brokers with a set of exceptionally easy to use off the shelf products. In addition, we have used our global scale to deliver those solutions at highly competitive rates.
